January 2020

Message from School

Dear Parents,

This month our students have been enjoying learning about holidays around the world and making many ornaments.

Thank you for considering a wish ornament from our office tree to give a gift to the classroom.

Please remember that we are closed on New Year's Day, January 1, 2020. We wish each of our families a joyful and peaceful holiday season and a very happy new year!

Coming up in January: we will be studying the characteristics of winter, Antarctica and the elementary students will begin their STEM enrichment learning about coding.

Thank You!!

“We discovered that education is not something which the teacher does, but that it is a natural process which develops spontaneously in the human being.”

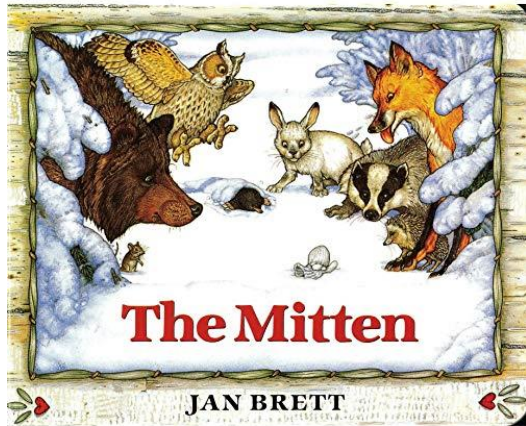

- Maria Montessori
